720 DUSTLESS LHT MORTAR

Merkrete's 720 DUSTLESS LHT MORTAR features innovative, patented DUSTLESS Technology (DLT).

720 DUSTLESS is a professional-grade, polymer-modified LHT mortar for installing large and heavy porcelain, ceramic tile and natural stone to walls and floors in commercial and residential applications. Its innovative DUSTLESS Technology produces significantly less dust than ordinary thin sets promoting cleaner working conditions and reducing mess. **720 DUSTLESS LHT MORTAR** uses less water, is creamier and easier to spread.
