

LESS DUST FROM THE FACTORY, TO THE STORE, TO YOUR TRUCK, TO THE JOBSITE, TO YOUR FINISHED INSTALLATION.

Introducing the less messy family of tile setting mortars from Merkrete featuring patented DLT™ DUSTLESS Technology.

With remarkably less dust at the job site,
what will you do with the time saved during cleanup?

DLT™ DUSTLESS TECHNOLOGY

- Alleviates most dust
- Easier to spread
- Less mess to clean up
- Longer working time
- Easier to mix
- Uses less water

FEATURES AND BENEFITS

Merkrete's new DLT™ products feature innovative, patented DUSTLESS Technology promoting cleaner working conditions and reducing mess. DUSTLESS Technology produces significantly less dust than ordinary setting mortars, uses less water, improves working time and is very easy to spread.

855 DUSTLESS XXL LHT MORTAR
Superior-Grade Mortar for Large Tile & Stone
855 DUSTLESS XXL is a superior-grade, single-component, polymer-modified mortar for interior and exterior setting of large and heavy tile and natural stone.

- FEATURES:**
- Non-slump/non-shrink for use with large and heavy tile and stone and gauged porcelain tile
 - Non-sag and non-slip formula hold wall tiles in place
 - Exceeds ANSI A118.15TE, A118.4TE and A118.11

725 DUSTLESS PREMIUM LHT MORTAR
Premium-Grade Large and Heavy Tile Mortar
725 DUSTLESS Premium LHT Mortar is a premium-grade, single-component, polymer-modified LHT mortar for interior and exterior setting of large and heavy tile and natural stone.

- FEATURES:**
- Non-slump - For use as a thin or medium bed mortar up to 3/4"
 - Non-sag and slip resistance for large and heavy tiles
 - Flowable properties reduce the need for back-buttering
 - Exceeds ANSI A118.4 and A118.11

735 DUSTLESS PREMIUM FLEX
Superior-Grade Flexible Mortar
735 DUSTLESS Premium Flex is a superior-grade, polymer-modified, multipurpose thinset mortar offering flexibility, greater bond strength, and extended adjustability and open times.

- FEATURES:**
- Superior bond strength for tile and stone installations
 - High flexibility to prevent cracks in tile
 - Exceeds ANSI A118.15, A118.4 and A118.11

705 DUSTLESS PRO SET PLUS
Polymer-Modified Thin Set Mortar
A standard-grade thin set mortar for installing porcelain, ceramic tile and stone to walls and floors in commercial and residential applications.

- FEATURES:**
- For standard tile and stone installations
 - Bonds to cement and exterior-grade plywood surfaces
 - Exceeds ANSI A118.4 and A118.11

820 DUSTLESS MERLITE
Premium-Grade Lightweight LHT Mortar
820 DUSTLESS Merlite is a premium-grade, single-component, lightweight, polymer-modified mortar for interior and exterior setting of large and heavy tile and natural stone.

- FEATURES:**
- Non-slump/non-shrink for use with large and heavy tile and stone and gauged porcelain tile
 - Lightweight 30-lb. bag provides same coverage as a typical 50-lb. bag of mortar
 - Exceeds ANSI A118.15TE, A118.4TE and A118.11

720 DUSTLESS LHT MORTAR
Large and Heavy Tile Mortar
A polymer-modified Portland cement mortar for installing large and heavy porcelain, ceramic tile and natural stone on walls and floors.

- FEATURES:**
- Non-slumping formula eliminates tile lippage
 - May be applied up to 3/4" thick on horizontal applications
 - For use with large and heavy tile and natural stone
 - Exceeds ANSI A118.4 and A118.11

710 DUSTLESS PREMIUM SET PLUS
Premium Polymer-Modified Thin Set Mortar
A premium-grade thin set mortar designed for interior and exterior floor and wall installations of all types of ceramic tiles, porcelain tile, and stone over concrete, exterior glue plywood and a variety of substrates.

- FEATURES:**
- Greater bond strength for tile and stone installations
 - Bonds to cement and exterior-grade plywood surfaces
 - Exceeds ANSI A118.4 and A118.11
