

SLAKE-FREE TILE ADHESIVES AND GROUTS

BECAUSE TIME'S AT STAKE, SKIP THE SLAKE.

- ◆ Materials ready with one mix
- ◆ Save up to 12 hours per pallet
- ◆ Easy-to-use adhesives and grouts
- ◆ Greater project scheduling flexibility
- ◆ Reduced time disruption for customers

SLAKE-FREE

BECAUSE TIME'S AT STAKE, SKIP THE SLAKE

Your time is money. Merkrete ends the waiting game. While other products require up to 15 minutes and a remix before use, Merkrete's Slake-Free tile adhesives and grouts need no wait time, no final mix. One mix. That's all it takes for the dry polymers and pigments to hydrate and get your teams to work. The minutes saved quickly become hours. Reduce installation times to take on more projects.
